 "All is well," they say, when all is **not well.**

## Remembering the Victims and Rejoicing with the Peacemakers:

# Days of Prayer and Action for Colombia

Stand in Solidarity with Churches and People Calling for an End to the Violence

## May 21 & 22, 2006

Join thousands of congregations and people of faith in North America and Colombia, as we pray for an end to the violence and suffering in Colombia and act for a policy change in the United States.

We come together to remember the victims of Colombia's brutal armed conflict, and to rejoice with the peacemakers. We stand in solidarity and join in prayer with the people of Colombia who creatively, courageously, and sacrificially struggle for justice and dignified life in the midst of impoverishment and enduring violence.

We commit to working in our communities and with our elected official to change current U.S. policy towards Colombia-supporting new policies that contribute to peace, justice and sustainable development in the region, rather than existing policies that further contribute to the violence and destruction our Colombian brothers and sisters describe as their daily bread.
