God-is-with-us

Incarnate God, thank you that you are Eternal Immanuel,
God-is-with-us.

Thank you for your servants Mary and Joseph,
who listened and let their bodies birth your coming into the world.
May we with Joseph get up and live for the sake of endangered mother
and child.
May we with Mary sing and live our “Let it be with me according to
your word.”

Thank you for all the ways you have blessed us and disturbed us this
Advent-Christmas-Epiphany season that lives on in the Light of
Christ that has come into the world.

We pray that you continue to bless and disturb us in a world that
desperately needs blessing and disturbing.
Bring us to full anticipation, full realization, full revelation that your
eternal coming is our salvation and the inauguration of your reign on
earth as in heaven.

Incarnate God, instill in us again the Christmas message that we are not
alone.

Even in our darkest hour or our deepest need you are here,
for you are Eternal Immanuel, God-is-with-us in Jesus Christ,
whose body we are and in whose name we pray.

AMEN
