*Petition in Support of **Nonviolent** Resolution of Conflict*

Support peace and democracy in Colombia by signing your name to the following list.

I affirm that the International Day of Peace called for by the United Nations resolution 55/282 and celebrated on September 21st is an occasion to express my rejection of violence of any form to resolve conflicts and to declare that the nonviolence practiced by Jesus Christ in the Gospels is a tool of social transformation that provides the solution to the violence and injustice that we live today.
